Dear Professor Skelton:

I assure that it is through your kindness that the publishers have sent me the reprint from "Canada and its Provinces" of your article on "The General Economic History of the Dominion from 1867 to 1912". If my surmise is correct will you allow me to thank you very much for your kind remembrance of me? I appreciate having the book and I will study it as soon as I possibly can. It is a subject in which I am interested, and I am fully aware that you are competent to deal with the matter.

With kind regards, I am,

Yours sincerely,

President.
